Date:

Name Doctoral candidate:

Working title of the dissertation:

Supervisor:

Name of the third-party funded project:

Project lead:

Differentiation of own research performance from that of the third-party funded research projects

- There are no potential conflicts between the third-party funded project and the doctorate with regard to subsequent publication.
- Possible conflicts may arise.

Dear Madam or Sir,

We hereby state which parts of the research project on which the doctoral candidate is currently employed at HCU will be used for the dissertation:

Explanation of how the doctorate`s research differs from that of the research project:

Explanation of the doctoral candidate's own research achievements in the research project:

Utilising parts of the material gained from the research project for the doctorate`s dissertation:

There is a clear differentiation between the dissertation project of the doctoral candidate

and the respective

research project

The dissertation focuses on individual questions and methodological developments that are independent of the project. Details are described by the doctoral candidate in his/her exposé.
